

KISTERS gathers customers, partners and team members from across North America to exchange knowledge of best practices and emerging opportunities in water, weather and environmental data management. Programming is designed for project leaders, data analysts and in-field technologists who utilize KISTERS software & IT.

**Key takeaways:**

- ✓ Increase skills and familiarity with existing tools in KISTERS software
- ✓ Hear presentations on new features & active development
- ✓ Inform development roadmap
- ✓ Direct access to KISTERS for organization-specific Q&A
- ✓ Peer-to-Peer Networking

---

	4:30 PM	6:00 PM	Hosted Hospitality Suite

\*subject to change

Designated breaks and a longer lunch enable attendees to attend to emails, messages, etc. as needed.

## Consultation Appointments

Want 20 minutes of undistracted time with KISTERS team members who are familiar with your system?

Have a new project or integration need?

If yes, please indicate your preference on the registration form.

We'll arrange your appointment to minimize any impact on your ability to attend presentations or join training sessions on the agenda.

## Software Training

Attendees consistently vote software-specific demonstrations of new functions or lesser known features among the most valuable KUG content.

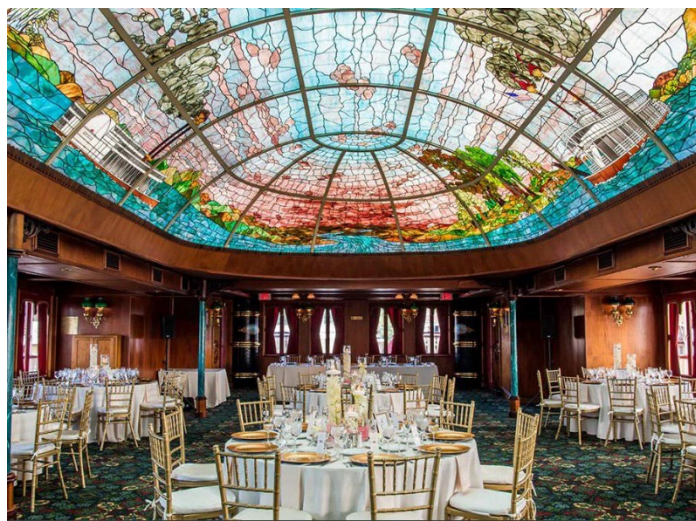

To increase interaction, labs enable participants to see KISTERS team members walk through particular features in the software.

These small groups allow for more interaction with our specialists in (ground and surface water) hydrology, water quality and ecology, as well as overall IT including web services and APIs.

# Customer Presentations

Customer and partner presentations are selected to show common use cases for our software, helping software users uphold industry best practices. In addition, innovative projects raise awareness of ideas to get the full value from KISTERS IT services.

We welcome thought leaders from across Hydstra and WISKI user communities. Contact Becca or a project manager to pitch your 15-min. topic.

## Hosted Dinner

KISTERS hosts dinner and drinks for all registered attendees on Monday, September 22 from 6:30 to 8:30 P.M. Board the historic paddleboat from the dock of Mission Bay, steps from meeting rooms and exclusive beach.

Guests of registered attendees are welcome to join the dinner. Contact Becca with guest names, dietary requests or access needs before Wed., August 15.

## Hospitality Suite

The hosted Hospitality Suite will be open for drinks and snacks for a few hours on Sunday evening, Monday night following the hosted dinner, and Tuesday evening. *The specific location will be provided at KUG.*

# Registration & Contact

A registration fee of **\$450 per participant** covers salient meeting handouts, breakfast and lunch on both days, as well as Monday dinner.

The registration form can be completed [online](#) or a [PDF version](#) may be emailed to the event coordinator by Wednesday, 10 September 2025.

Visit [www.kisters.net/kug2025](http://www.kisters.net/kug2025) for details online.
